Chris Matthews
The Inline Group

Chris,

As you know, our organization recently engaged the services of The Inline Group, in fact, just a few short months ago. We immediately received candidates for difficult to fill family practice and internal medicine positions, and also for several open pediatrician positions. I am very pleased to say that we have already made our second hire with two other offers in process, which we expect will lead to other acceptances within days. After the initial "seamless" setup of our landing site with your team, we started receiving resumes immediately! Kudos to our Account Manager, Jillian Roberson for her guidance with this process!

The reason for this letter is to let you know we are pleased with your unique, one of a kind model for physician recruitment. The best part is, after the first hire it has already become a cost effective program for our organization's physician recruiting efforts!

Nice work! Keep them coming!

Sincerely,
