

November 27, 2018

Cross Road Health Ministries (CRHM) has been looking for a provider for a long time with no success and infrequent candidates. The Inline Group has been able to reach candidates in a way that we never knew was possible.

CRHM is unique in the fact that we are a faith-based Christian organization with clinics in rural Alaska. Not only have we found great provider candidates utilizing The Inline Group, but they also fit in with our mission.

In the three months that we have had our open positions listed, we have received many qualified applicants, interviewed the most qualified, and are now on to that excruciating process of making a decision – do we hire just the one, or do we expand our headcount and hire multiple providers?

From the beginning, working with The Inline Group has been an easy process. Our Account Manager, Jillian Roberson, educated herself on our openings and our organization, and from that information was able to create a professional, visually appealing website for our organization. Jillian checks in with me to see how she can help whenever we receive a CV from a candidate and is more than willing to help facilitate communications. The reports that The Inline Group supply on a monthly basis detail all of the work that they are doing on our behalf. This includes showing how many emails are sent, get opened, and result in views that our website receives.

A handwritten signature in black ink, appearing to read "Kristin Hartwig".
