Re: Letter of Recommendation

I am pleased to write this letter of recommendation for The Inline Group for any of your recruiting needs. I have worked with Chris Matthew for many years and gained much confidence in his passion to get us optimal results. Molly Headd, Director of Client Services goes well beyond our expectations in utilizing the newest tools in digital marketing to reach potential candidates for us. There has not been a challenge that they have not met with the type of sense and urgency that you want from any business partner.

The teams at The Inline Group have worked tirelessly on many projects to assist us in our recruiting efforts and the numbers speak for themselves! We have hired 6 physicians just in the last 6 months! They screened hundreds of candidates and then sent the hot leads to our recruiters. This gained the confidence of our entire team and saved them a lot of time and effort.

In a day when recruiting services say they are the best, do it different, and have candidates that they really do not have, it is refreshing to work with an organization that does what it says it will do! Our recruiting team members have full confidence in achieving the results that all desire with The Inline Group! Additionally, they continue to provide the type of ROI that any executive strives to achieve.

Sincerely,
